to talk about what they have to offer and answer any questions you may have. You recently received a large, white envelope with information about them. This company can provide on site health care for you. They specialize in four core services: Audiology, dentistry, optometry, podiatry. Family and friends are also welcome to come and learn about this opportunity to help make going to the doctor easier by bringing them to you.

Have a wonderful September. It is so nice to see families come and participate in bingo, music, happy hour and more. We are so lucky to not only have amazing residents but spectacular families!

“The mind that opens to a new idea never returns to its original size”

-Albert Einstein

At Oakleaf we want to make sure that we are always open to new ideas and that we continue to evolve with the times. We want to make sure that we are providing space that is not only functional but also suits the needs of our current residents.

We have many residents that enjoy playing cards and we want to ensure that the space we currently have is sufficient in allowing all residents that want to participate the ability to. We will be sending out a survey in the next couple weeks to the mailbox outside of your apartment door. We would like to know your thoughts on some ideas on the common spaces here at Oakleaf. Please make sure you take the time to fill it out and return it.

As always, we are continually trying to ensure you have the best life here at Oakleaf Village. As always, please come see me if you have any questions, concerns, or any ideas.
