If this is something your interested doing:

1. Ask your loved one if they have FaceTime or skype on their phone or computer
2. Get their phone number
3. Ask Jodi or Cari to set up a time for you to chat with your loved one

A newsletter for friends and residents of Oakleaf Village

## August

Hi everyone, We hope you are enjoying the summer. We are so lucky to live on such beautiful grounds full of trees, flowers and fresh air.

During this lock down we have had many families, friends, churches, neighbors and strangers reach out to our Oakleaf Village community. They have sent letters, post cards, coloring pictures, flowers, food, toilet paper, games, books and many other things to us to help get us through this lock down. We are so appreciative to all of them, we would like to send them a thank you card to let them know how much we appreciate our community coming together and supporting us. If you would like to help write a thank you card, or a few of them, come to the multi-purpose room on Saturday, August 15th at 2:45. We have the pens and the cards, we just need all of you to pitch in and help us write them.

Have you been to one of our exercise classes yet? We have a big variety to choose from. We have a weight class on Mondays where we provide 1, 2 or 3 pound weights for you to use.

Mix it up Exercise is where we have a video of a variety of fun classes. It could range from chair yoga, seated dancing, to chair tai chi. Alison or Jodi will be present doing the exercises along with you. By popular demand we will walk the halls on Tuesdays and

even have a pajama yoga class in the evening to help you relax and wind down.

All of our classes are done sitting. On occasion we do stand up holding on to the back of the chairs, but those who wish to continue the exercises seated, we modify them so you can do so. Be sure to look on the calendar for times and the type of exercises provided that day. Sign up by the bar in the lobby to be sure to get a spot in the class.

We encourage you to continue trying new things, meeting new friends and making the best out of the situation. Continue washing your hands, wearing your masks and staying healthy!

## From The Director

Kimberly (Kim) Wood  
Program Director  
The Crescent at Oakleaf  
Village

As most of you may already know, the Crescent is the new building currently being constructed on our campus. The Crescent will provide a private, secure and independent living experience for seniors. It is with great honor that I have the pleasure of introducing Kimberly (Kim) Wood as our new Program Director for The Crescent at Oakleaf Village.

Kim is a lifelong resident of the Toledo/Sylvania area and currently resides in Ottawa Hills. She is a graduate of Bedford High School in Temperance Michigan and a graduate of The University of Toledo. While her interest was in education and healthcare, she chose to focus on healthcare working in a variety of different settings. Kim has over 15+ years of experience working with and assisting seniors; she truly believes that everyone should live their life to the fullest and strives to aide anyone in achieving that goal.

Kim is also mom to a 15 yr. old son who will be a sophomore at St. John's Jesuit High School this school year. She is a proud mom and very much enjoys time watching him compete in his sports; tennis and golf to be exact. She is an avid gardener, enjoys tennis, golf, pickleball and walking her 2 dogs.

Not only is Kim active at home, but she also believes strongly in being active in her community. She is involved with many professional & civic boards and volunteers with many different organizations.

Please help me give Kim a strong Oakleaf welcome.

As always, if you have any questions, please feel free to email me at [ddoneghy@wallick.com](mailto:ddoneghy@wallick.com)
